

December 2022 News

MSA2023 - [Register now!](#)

Only two months until the CPS MSA2023 Conference! Make the start to 2023 a great one by joining us at Te Papa on Wellington's spectacular waterfront from 20th February. Prepare to be treated with five world class plenary speakers; an excellent line up of talks and workshops, outstanding sponsors area showcasing the latest instrumentation and partake in multiple networking opportunities. You don't want to miss this event. Register now and get standard rates through to 9th January.

The [draft programme](#) is now available so you can see what we're talking about or go straight to the [conference page](#) for all you need to know about MSA2023.

MSA AGM - 23 February 2023

Following the vote at the Special meeting held in October, the MSA AGM will be held on the morning of conference day 3, members are welcome to join together for breakfast before the AGM. Exec Committee appointments will be voted on at the AGM so we are calling for nominations for the following committee positions:

President / Vice President / Secretary / Treasurer / committee members - please email your nomination to secretary@metrology.asn.au

Those members not attending MSA2023 can provide a proxy vote. Nominations and proxy forms will be available 14 days prior to the AGM and confirmed in the next newsletter.

The MSA is a member led association, supporting all those who work across the metrology industry. Having a cross section of representatives on the Exec committee will ensure there's great value and opportunities to support and grow our membership. Meetings are held virtually every 6 weeks during the year.

Merry Christmas

As 2022 draws to a close on another challenging year for many of you, the MSA Exec Committee would like to wish you all the best for the holiday season and hope you can take a break to rest and return in 2023 in great health.
