

MSA FORUM USER GUIDE

The MSA supports metrologists by providing a forum for discussion and sharing of ideas, access to education and career development resources and information on events and conferences related to measurement science. Please note: while the public are welcome to read and learn through topics posted, only MSA Members may post on forums.

GETTING STARTED

- Log in to your [Account](#).
- Head to the [Community](#) page.

EXPLORE & SEARCH

- Check out our different discussion forums such as “[News and Events](#)”, “[Metrology Job Vacancies](#)”, or our “[Members Only Forum](#).”
- Head to [Recent Posts](#) to filter through different posts you may have missed.

START A DISCUSSION

- Once you’ve selected the forum that is relevant to your topic, hit “Add topic” in the top right corner and type away.
- Ensure you have a clear title and include any relevant links and tags.

JOIN THE CONVERSATION

- Reply using the “reply” on the post to reply to specific replies or “Leave a reply box” to reply to the entire thread, and don’t forget to react using the thumbs up!

STAY UPDATED

- If you’re interested in the replies and want to be notified of any topics or forum activity, hit the “Subscribe for new replies” in the specific topic or forum.
